￥19,800

追加のうどん Additional Udon noodle

￥ 440

追加の野菜セット Additional vegetable

￥ 1,870

Shabu-shabu is a popular Japanese hot pot (nabe), where diners cook paper-thin slices of meat (beef, pork) and fresh vegetables by gently swishing them ("shabu-shabu") in a simmering broth, then dip them in savory sauces like ponzu or sesame. It's a communal, healthy, and interactive meal, named after the swishing sound, offering a light, flavorful, and fun dining experience.
