A great combination of beef and sweetened soy sauce flavor
Suki-yaki is a type of hot pot dish known for its sweet and
salty flavor, seasoned with shoyu, sugar, and mirin. In
addition to thin slices of beef, common ingredients for
suki-yaki include naganegi (Japanese leek), green, shiitake,
tofu, and shirataki noodles. In general, the meat for
suki-yaki is sliced slightly thicker than that for shabu-
shabu.
